| Ornate - Black |
| Model : 5LG-003-ORN-BK |
| Manufacturer : LGCY |
| Since the origin of mankind it seems we've had the urge to decorate everything from our bodies to cave walls. So why should t-shirts be any different? This design has no deep meaning or hidden agenda, just good old fashion ornamentation. This high quality shirt is printed on 100% combed cotton to give it that light, soft, comfortable feel. The inks used on this shirt aren't like those thick, gummy, gooey, inks that you're used to feeling. Instead we used a soft handed base ink that keeps the art clear yet comfortable at the same time. Wearable art never felt so good! |
